## leading Kenyan producer of high quality cut flowers

The group of four farms, all located in Kenya, produce a vast array of cut flowers with a portfolio comprising of single head roses, spray roses, summer flowers and greeneries.

The SIAN FLOWERS brand is synonymous with quality, reliability and responsibility.

We strive to meet and exceed our customers' expectations by providing excellent customer service and superior high quality products. We have a devoted workforce who are part and parcel of the SIAN FLOWERS journey, hence we ensure that we support them and their needs are met adequately. We also extend our support to the surrounding community through corporate social responsibility (CSR ).
